Dan,  
I was wondering if I could possibly speak with you sometime about the West Lake Landfill superfund site. Administration, here in St. Charles County, has been asking me questions about it. Could you tell me what the current status of the site is? Are there any updates or chain e-mail list I can become a part of to find out more information? Also, is your office nearby or will you be in the area anytime soon so that we can meet to discuss?
